

Market Objectives

- To be a professional distribution service based on our expertise with both the markets and the products
- To continue to expand our distribution and product support services
- To offer a complete engineering, marketing, sales and quality assurance service to both our distribution customers and as manufacturers' agents to our principals and their customers
- Working as a team with our manufacturing principals
- Promoting our principals as Tier 1 suppliers to OEM customers
- Developing and expanding business with other Tier 1 & 2 suppliers
- Assisting our principals in maintaining their position in the global supply base
